DÜZGÜN KARNE ÖRNEĞİ

The image displays two examples of a customs transit form (ATA Carnet) with handwritten entries and stamps. The forms are filled out with various details, including dates, times, and signatures. The stamps are circular and contain text, likely indicating the date and time of issuance. The forms are presented in a vertical orientation, with the top part containing the main information and the bottom part containing a table of goods.

The left example shows a form with the number 19455 at the top. The right example shows a form with the number 12455 at the top. Both forms have a table at the bottom with columns for 'No', 'Description of Goods', 'Quantity', 'Value', and 'Duty'. The forms are filled out with handwritten entries, and there are several circular stamps on them, some of which are circled in red.
